

# Elmont Union Free School District

REACHING AND TEACHING FOR EXCELLENCE

**AL HARPER**

*Superintendent of Schools*

The Board of Education and the Superintendent of Elmont School District are pleased to announce the launch of two important technology initiatives that will better serve to communicate with our parents and community residents. First, is the launch of our new Elmont UFSD Facebook Page. The Facebook page offers the district the opportunity to showcase more stories, photos and announcements about the outstanding achievements by students, staff and administration on a daily basis. Facebook will allow the District more flexibility to highlight unique educational events and inform the community of upcoming District events.

“Like” us on Facebook to continue to stay up-to-date on information, and remember to frequently visit <https://www.elmontschools.org/> for the most comprehensive information.

Secondly, we are pleased to announce the launch of the Elmont School District mobile app. This FREE mobile app will be an effective communication tool for parents, staff and community members to gain immediate access to critical information, including school closings, school and district events, access to your child’s academic progress, and much more.

## Downloading the Elmont Union Free School District App

1. Navigate to the app store specific to your mobile device.
2. Search for “Elmont School District”

3. Click on the Icon that represent the district app
4. Click Install
5. Click Open
6. You will be greeted by a “Welcome!” screen. On this screen, you can choose to select the schools you are interested in following
7. Click “Choose from List”
8. Select the school you want to follow
9. Click Next
10. You will then get a “You’re Done!” screen. Click Finish
11. The app will now open and pull in information pertaining to the district and the schools you chose to follow.

Sincerely,

  
Al Harper

Superintendent of Schools

Elmont Union Free School District
